

We Need Your Help!

The TSA constantly evaluates screening procedures in order to stay ahead of evolving threats. As one of the TSA's many layers of security, the Passenger Screening Canine Program is no exception to the rule. In order to ensure canines are always prepared for real time threats, the TSA continuously trains and tests the canines' abilities.

In support of this training, the [Transportation Security Administration at SEATAC Airport is in need of volunteer decoys.](#) Volunteers will serve as mock traveling passengers and assist in creating training scenarios that most resemble an everyday traveling environment.

Training is conducted at the **Seattle-Tacoma International Airport**. Parking is provided across from the airport at the **SEATAC Office Center** located at **18000 International Blvd, Seattle, WA 98188** with

occasional free onsite parking provided as available.

In order to participate in this activity, volunteers will complete an onsite Decoy Safety Briefing as well as read and sign a Passenger Screening Canine Decoy Safety Briefing Consent form.

Decoys are needed on an on-going basis, and volunteers can be added to a roster rotating as often as every six weeks. Volunteers should plan to dedicate at least 3 hours to the training, with time slots starting as early as 5:00 a.m. and running as late as 7:00 p.m.

Interested?

If you are interested in, please contact the **TSA K9 Volunteer Decoy Program at 206-659-3129; or contact the Program Assistant directly. Send an email to Travis Wright at Travis.C.Wright@tsa.dhs.gov** for a list of available training dates and times. Once your date and time slot has been confirmed, you will receive a confirmation email detailing the final information including parking information and dress attire for your onsite visit.

TSA K-9 Program greatly appreciates volunteer support as they are vital to the success of our canines!
